Dear Herb:

Per our previous discussions, we are very much interested in obtaining the Greenlee timber incisor and its auxiliary equipment which you have on hand as a standby unit at your plant. For the unit—including the auxiliary equipment—we offer a price of \$8,000.

We would like to have an answer on this purchase prior to the end of this month so that we may plan accordingly for our needs. You have indicated that a definite decision will be made on the sale and disposition of this equipment by this date, so please let us hear from you as promptly as possible on this.

Very truly yours,

WHEELER DIVISION - ST. REGIS PAPER COMPANY
